REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The prior art of record, which is the most pertinent art found, fails to teach and/or fairly suggest the instant method. While methods of preventing asphalt from sticking to surfaces using various compositions such as oils, etc. are well known (see the art of record), the prior art is silent as to the use of molasses, steepwater, brewer's condensed solubles and distiller's solubles as release agents for asphalt.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
